Weekend Celebration

staffing to bring your vision to life

# lead planner

## Rehearsal

Your lead planner will run rehearsal (in collaboration with your officiant if he/she is able to attend)

## Welcome Event(s)

Your lead planner will assist with rehearsal dinner and welcome events as needed. Sometimes that's a call to confirm your restaurant reservation. Other times it's a high production event at the family lake cottage. Your lead planner is available at no additional cost.

## Wedding Day

This is the glory day and your lead planner is there for all of it. From the time we have access at your venue until the décor is packed out, your lead planner is onsite to coordinate vendors, our own team of event stylists, and the general flow of the day's events. A lot happens and we love being there for all of it!

## **Farewell Brunch**

Whether it's transporting flowers, setting linens, or picking up the quiche, lead planner assistance is included.

# j+l event stylists

## Wedding Day Assistance

We will staff as many of our team as it takes to bring your wedding day vision to life. The number of event stylists range from one to seven (usually two or three). We'll determine that as your wedding day plans develop but there is no additional cost to you for our team.
